

CANASSIST AFRICAN RELIEF TRUST THANKS RTO, OECTA AND GLENBURNIE SCHOOL

St Catherine School, Ramula, Kenya

Adam Nkuyan School, Rift Valley, Kenya

CanAssist wishes to thank the RTO (Retired Teachers of Ontario) and OECTA (Ontario English Catholic Teachers Association) for their generous support of two school projects in East Africa that are now completed. With the donations from these Ontario teachers' organizations CanAssist has constructed a large, permanent, furnished classroom at the Maasai community Adam Nkuyan School and three classrooms at the St. Catherine School in Ramula district of Kenya. We also recently added a much-needed water collection system at the St Catherine School to catch and store clean drinking water for the students. Later this month, school furnishings for the St Catherine classrooms will be locally made with a donation from pupils at the Glenburnie Elementary School, near Kingston. CanAssist, and the African schools, thank these groups for their help to bring better educational opportunities to vulnerable African children – teachers and students in Canada helping their peers in East Africa.
